

**Guatemala at a Glance**  
Informe (Information bulletin) #12 July 2009

“Graced with the charism of the redeeming blood of Jesus, we embrace the blessing and challenge of living radically our ASC vocation...which empowers us to make real in Guatemala the dream of Maria De Mattias and the mission of the United States region of the Adorers of the Blood of Christ.” --*Guatemala Mission Statement 2008-2009*

It's the end of July and we are now both finally back together here in Guatemala, after one, the other or both of us having been away for almost six weeks. This is good and we are glad, as we know our togetherness to be blessing and grace. Now, coming back together and looking over the past 12 months and pondering on the experience of reflecting and writing and sharing with you our monthly Guatemala at a Glance *Informes*, we would like to take this month to look back to show us where to move forward. And we would like you to part of this process with us...so as we ask ourselves, we also ask each of you to reflect on this past year of the Guatemala *Informes*:

- What has been good for me and spoke most strongly to my own heart and being?
- In what ways have these reflections led me to reflect more on my own mission and ministry?
- How have the *Informes* connected me personally with the ASC life and ministry in Guatemala?
- What do I desire more of in this experience of *Informe*?
- In what ways do I think the *Informe* should or can continue so as to be helpful for me and for us?

If you missed one of the months or would like to see the reflections again, they can be found on the ASC website at [www.adorers.org/](http://www.adorers.org/). Just look for our picture! Now we ask you, in whatever way you can, to reflect and then share your thoughts and ideas with us at [sisteradorer@yahoo.com](mailto:sisteradorer@yahoo.com). Thank you for being part of our mission and ministry over this past year and thank you for helping us to continue to grow and change as together we seek to move deeper into the heart of that beautiful order of things.

With hearts full of gratitude, peace and blessings on each of you,  
*Dani and Kris*
